

CATALOGUE SPRING - SUMMER 2025

MAISON ALTANA
INTERIOR DESIGN

The concept

From Portuguese hands to your home

Maison Altana was born from a deep love for interior design and the beauty of sustainable, handcrafted pieces.

Each piece in our collection is thoughtfully made in Portugal by skilled artisans who preserve traditional techniques, using recycled cotton sourced from textile industry waste and woven on manual looms.

We believe in offering a more meaningful and responsible way of consuming, one that values quality, craftsmanship, and the stories behind each creation.

Portugal, our adopted home, inspires us every day. Through this collection, we're proud to share the artistry we admire so deeply beyond the borders.
